V. M. Lewis, Nominee For Governor of New Jersey.

Vivian M. Lewis, Republican candidate for governor of New Jersey, is the present commissioner of banking and insurance for the state. Beginning his career as a newspaper man, his native town, Paterson, Mr. Lewis soon attracted attention to his professional work.

also as correspondent of several New York dailies. Then he began the study of law and finally entered politics. He then went to the state assembly and was twice re-elected. During his last term he served as floor leader for the Republican majority.

Lewis devoted his time to the practice of law and was for several years counsel for the state board of health. In 1934 he was elected city council member from the 1st ward, resigning to become clerk of the court in 1935. He continued to serve in the clerk's office until he was appointed head of the state department of health in 1937.

of bookkeeping and insurance. He is native of Paterson and is forty-one years old. He is the youngest banking commissioner the state has ever had, for as he was the youngest grocery clerk that ever held the important office.

Colonel John E. Gilman of Boston is the new commander in chief of the Grand Army of the Republic, began his career as a soldier when he ran away from home and enlisted in the famous "Fighting Twelfth" of Massachusetts. The first colonel of his reg-

WORLD CLOSE POLLS EARLIER

Movement on Foot to Close Polls

on Election Days before Seven o'clock in the Evening. Better for Election Results.

Reformers for closing the polls at an earlier hour, than 1 o'clock in the evening, at all Pennsylvania elections, are now developing rapidly through the state. The movement has been going on for some time, and is now being supported by the anti League leaders.

Many of the politicians were to prefer to keep the polls open until the present time, but in this it is said, because the workers "get in their sleep" late in the day and are so tired that they are not as successful as they have been would be of special benefit in the rural districts, where the heaviest of the voters are to be found.

It is likely that members of election boards would have an earlier closing with ease. The officers on each board have to be on duty contrary from 7 o'clock until 10 p. m., and thus have to spend hours computing the votes.

From Mont Alto to Pine Grove
Furnace the Mountain is dotted
with the Camps of the Hunters.

Reports from the various hunting camps for deer located in various sections of the North Missouri range in Adams and Cumberland counties and stretching from a point near Dillsburg westward to the State Forestry Reservation at Mont Alto, give the number of men in camp at about five hundred.

and were very abundant. I saw a pair of mallards near Pine Grove Farm near Weidner's. There were also eight pronghorn buck, which weighed about 200 pounds. It is said to be the largest killed in this vicinity for some years.

A number of hunters from Harrisonburg are doing a fair weighing about 100 pounds are succeeded in getting them. On Wednesday afternoon the Lees Mountain Hunting Club shot a Sambar buck weighing about 250 pounds.

Good hunting grounds are in the vicinity of Laurel, Hunters' Iron, Henry Clay and Pine Grove Furnaces, and these sections abound with fertile land, plenty of wintering places for deer, plenty of concealment for the animal and there are costly fifty-hundred dollars in a single day.

The number of deer about 40 ft. in this is unusually small, especially in view of the fact that the animals are said to be very plentiful this year.

Easy-going, and procrastinating methods of some lawyers was ascribed as the cause of the collapse of the trial list. . . .

⁵⁰ Judge Bittenger criticized the practices of lawyers for not having the cases ready for trial at any day of the week. "The result is," he said, "that the earlier terms of common law courts in the fall of the year put this greater part of the time, while the

Mass courts in February, and Mass. are always crowded and all parties are in a hurry to get cases tried, and it is difficult to find them in the courts. Another week of jury trials will begin next Monday and it will be interesting to watch the *hops* of the 20 more cases that were on the list and now said to be ready for trial.

In this day of high prices, it is not surprising that a very small price for a corset. Be that as it may, \$1.00 is a very small price for this corset.

There is no such thing as a free lunch, and J. C. C. Grace is no exception. He is a man who knows the greatest degree of comfort, and it was his aim to make a corset that would give the greatest degree of support and comfort. The hips are supported, and the bust medium.

There is a fan-like arrangement at the lower center front which helps to keep the straight, flat line over the hips.

At \$1.50, \$2.50, \$3.50 and upwards we show other J. C. C. models that

A good many people wonder why the new amendments to the constitution were not voted on at the last election, and politicians, who had not studied the situation, were much concerned because one of the amendments does away with the poll tax. As a matter of fact the amendments will

not be voted on until the next Legislature convenes on and adjourns the second day. The copying of the production of Daniel Boone on the Trail will give
